Re: Proposed Water Treatment Plant, Kentucky River Pool # 3

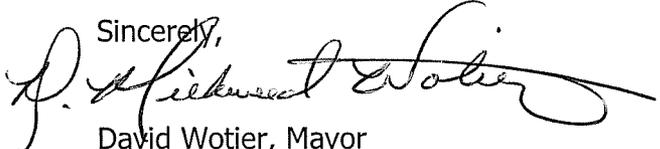

Dear Ms. O'Donnell:

I am writing at the request of Kentucky American Water Company to express the support of the City of Owenton for the proposed water treatment plant on the Kentucky River. (Your Case # 2007-00134)

The City of Owenton sold its water and sewer system to Kentucky American Water Company two years ago. Since that time, this company has lived up to its promises, provided quality service to our former customers and been a good corporate neighbor.

At our regular meeting on August 7, the City Council voted unanimously to authorize me to send this letter in support of this project. We believe that this proposed plant will have sufficient capacity to help alleviate the water supply problems experienced by the City of Owenton and all Owen County for several years.

Please contact me if there are any questions regarding our support of this project or if I can provide any further information.

Sincerely,

David Wotier, Mayor
