Amendment to the Agreement Between Granite Telecommunications, LLC. and BellSouth Telecommunications, Inc. d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee dated October 15, 2004

Pursuant to this Amendment, (the "Amendment"), Granite Telecommunications, LLC. ("GRANITE"), and BellSouth Telecommunications, Inc., now d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee (hereinafter referred to "AT&T"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain DS0 Agreement between the Parties dated October 15, 2004 ("Agreement") to be effective on January 1, 2008 ("Effective Date").

WHEREAS, AT&T and GRANITE entered into the Agreement on October 15, 2004, and;

WHEREAS, the Parties desire to amend the Agreement in order to extend its term;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

- 1. Section 3.1 of the General Terms and Conditions is hereby deleted in its entirety and replaced with the following:
 - 3.1 The term of this Agreement shall commence on the Effective Date and shall apply to the AT&T territory in the state(s) of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. It shall continue in effect until December 31, 2008 ("Initial Term"), except as otherwise provided herein. This Agreement shall continue in effect as specified herein unless: a) Either Party terminates, without cause, at any time upon at least thirty (30) days prior written notice to the other Party provided no Services are being purchased pursuant to this Agreement; or b) Either Party terminates pursuant to the terms hereof upon the other's breach.
- 2. Section 3.2 and 3.2.1 of the General Terms and Conditions is hereby

deleted in its entirety and replaced with the following updated and/or new sections:

- 3.2 The Parties agree that no earlier than one hundred eighty (180) days prior to the expiration of the Initial Term of this Agreement, either Party may request to commence negotiations ("Commencement of Negotiations") for a new agreement ("Subsequent Agreement") to be effective beginning on the expiration date of the Initial Term of this Agreement.
- 3.2.1 Upon expiration of the Initial Term of this Agreement, on December 31, 2008, and in the absence of a mutually agreed to Subsequent Agreement, the Parties mutually agree that the term of this Agreement will be extended and continue in effect until the earlier of a) 180 days after Commencement of Negotiations on a new successor agreement ensue; or b) December 31, 2009 ("Renewal Term"). In addition, the Parties shall develop a transition plan to ensure a full transition of all Services no later than the end of the Renewal Term.
- 3. Section 5.1 and 5.1.1 of Section 5 Rates of the General Terms and Conditions is hereby deleted in its entirety and replaced with the following new sections:
 - 5.1 GRANITE shall pay the rates set forth in Exhibits A and A2 of Attachment 1 of this Agreement in addition to any other charges specifically set forth in this Agreement. If no rate is set forth for a Service in this Agreement then BellSouth's tariff rates shall apply. If no tariff rate exists, then BellSouth shall not be required to provide such Service until a rate has been established between the Parties. In the event that BellSouth is unable to bill the applicable rate under this Agreement for any Services provided pursuant to this Agreement, BellSouth reserves the right to back-bill GRANITE for such rate or for the difference between the rate actually billed and the rate that should have been billed pursuant to this Agreement. The Net Effective Rates set forth in supplemental Exhibit A2 to Attachment 1 hereof, reflects discounts for DS0 Wholesale Local Voice Platform Services ("Transitional Discounts").
 - 5.1.1 The Net Effective Rates set forth in supplemental Exhibit B2 to Attachment 1 hereof reflect additional discounts for DS0 Wholesale Local Voice Platform Services ("Additional Transitional Discounts"). The Additional Transitional Discounts shall apply in lieu of the Transitional Discounts until April 1, 2005. The Additional Transitional Discounts shall continue to apply in lieu of the Transitional Discounts from April 1, 2005 until expiration of the Agreement so long as the following commitments are met:
- 4. All remaining sections in the General Terms and Conditions shall be amended to delete the terms "Mass Market" and "Enterprise Market" and any definitions of Mass Market and Enterprise Market.

- 5. Sections 4.1 through 4.1.2 of Attachment 1 are hereby deleted in their entirety and replaced with the following sections:
 - 4.1 The rates for Wholesale Switch Port Services and Wholesale Local Platform Services in Exhibit A and B and supplemental Exhibits A2 and B2 shall include monthly recurring and nonrecurring charges.
 - 4.1.1 Composite Rate
 - 4.1.1.1 For purposes of determining the composite rates set forth in supplemental Exhibits A2 and B2, and as described for illustrative purposes in Exhibit D attached hereto, Mass Market is defined as an End User location with less than four (4) voice grade (DS0) lines or equivalents in any service area covered by this Agreement.
 - 4.1.1.2 For purposes of determining the composite rates set forth in supplemental Exhibits A2 and B2, and as described for illustrative purposes in Exhibit D hereto, Enterprise Market is defined as an End User location with four (4) or more voice grade (DS0) lines or equivalents in any service area covered by this Agreement, or is serving an End User with DS0 services where such End User is also being served with a DS1 service in any service area covered by this Agreement. The quantification of an End User's DS0 lines shall include services purchased from AT&T including DS0 Wholesale Local Switch Port Services (both standalone and those riding higher capacity facilities), DS0 Wholesale Local Platform Services, DS0 channels on DS1 Wholesale Local Platform Services (such as PRI, DDITs, and DS1 loop with channelization with port), resold AT&T Telecommunications Services and unbundled network element stand-alone loops.
 - 4.1.1.3 For the DS0 Wholesale Local Platform following classes of service, a composite rate shall be developed as calculated in Exhibit D to this Agreement. The composite rate shall be calculated for and effective only in those states listed in Exhibit D. The composite rate shall be calculated by (i) multiplying the Mass Market rate for such UEPBX business lines (as set forth in Exhibit D) by the percentage of Mass Market business lines, (ii) multiplying the Enterprise Market rate for such class of service (as set forth in Exhibit D) by the percentage of Enterprise Market business lines from the classes of service listed below, and (iii) adding the two figures together to form a single rate. The composite rate is set forth in supplemental Exhibits A2 and B2.
 - 4.1.1.4 Either Party may request a revision to the composite rate provided in this Agreement in the event of a substantive change in the percentage mix of Mass Market and Enterprise Market business lines for the UEPBX Class of service in the states that the composite rate was calculated for and as listed in Exhibit D. Such request may not occur more frequently than one (1) time per quarter, and may only be requested where the percentage mix has fluctuated by more that 2.5% since establishment of the composite rate, or since the last revision to the composite rate, as applicable. Revisions to

the composite rate shall be determined using the Mass Market and Enterprise Market business lines (UEPBX) in service for the last full month prior to the revision request and shall be incorporated via an amendment to the Agreement, which shall become effective thirty (30) days after execution. The new revised composite rate shall be applied prospectively from the effective date of such amendment.

4.1.2 Intentionally Left Blank

- 6. Section 5.2 of Attachment 1, Services is hereby deleted in its entirety and replaced with the following:
 - 5.2 AT&T's Calling Name (CNAM) Database Services
 - 5.2.1 AT&T's CNAM database Services provide the ability to associate a name with the calling party's number for any name and number stored in the AT&T CNAM database, allowing the End User (to which a call is being terminated and which subscribes to the necessary services) to view the calling party's name before the call is answered.
 - 5.2.2 GRANITE's End Users' names and numbers related to Wholesale Switch Port Services and Wholesale Local Platform Services shall be stored in the AT&T CNAM database, and shall be available, to all entities that launch queries to the AT&T CNAM database. AT&T, at its sole discretion, may opt to interconnect with and query other calling name databases. In the event AT&T does not query a third party calling name database that stores the calling party's information, AT&T cannot deliver the calling party's information to a called End User. In addition, AT&T cannot deliver the calling party's information where the calling party subscribes to any service that would block or otherwise cause the information to be unavailable.
 - 5.2.3 For each GRANITE End User that subscribes to a switch based vertical feature providing calling name information to that End User for calls received, AT&T will launch a query on a per call basis to the AT&T CNAM database, or, subject to Section 5.2.2 above, to a third party calling name database, to provide calling name information, if available, to GRANITE's End User. GRANITE shall pay the rates set forth in supplemental Exhibits A2 or B2, for each GRANITE End User that subscribes to the appropriate vertical features that support Caller ID or a variation thereof.
- 7. The rates and sections in Exhibits A and B labeled individually as CNAM, DS0 Wholesale Local Switch Ports – Mass Market, DS0 Wholesale Local Switch Ports – Enterprise Market, DS0 Wholesale Local Voice Platform Services – Mass Market, and DS0 Wholesale Local Voice Platform Services – Enterprise Market are hereby deleted in their entirety and replaced with the supplemental exhibits attached as Exhibits A2 and B2.
- 8. Exhibit D as attached hereto is added to the agreement.
- 9. The following Section 14, Inside Wire Maintenance Service, is added to Attachment 1:

14. Inside Wire Maintenance Services

- 14.1 Upon request of GRANITE, AT&T will provide the Inside Wire Maintenance ("ISWM") Services ordered by GRANITE as further detailed in this Attachment.
- 14.2 ISWM Services are defined as follows: AT&T will repair telephone service troubles that may exist in the wiring and jacks inside GRANITE's end user's business or residence where the telecommunications service provided to the GRANITE's end user is basic residential and/or business lines purchased from GRANITE and provided to GRANITE pursuant to this Agreement. Basic residential and/or business lines are defined as Plain Old Telephone Service ("POTS") lines which are provisioned with simple wiring and which do not terminate at a communications system.
- 14.3 As part of the ISWM Services, AT&T will isolate the source of the trouble reported by GRANITE. If the trouble is located in AT&T's network (i.e. on the network side of the demarcation point for that line), AT&T will repair the trouble as specified elsewhere in this Agreement. If the trouble is located between the network demarcation point and the interface to the jack(s) inside the end user's premises, AT&T, subject to the terms and conditions set forth herein, will repair the basic inside telephone wire and modular jacks.
- 14.4 ISWM Services do not include repairs to telephone sets, fax machines, answering machines, modems, and similar equipment, also known as Granite Premises Equipment ("CPE").
- 14.5 If the trouble is caused by a defect or condition present in the CPE or in the cord from the jack to the CPE, AT&T will advise GRANITE and/or GRANITE's end user that the CPE should be disconnected and either repaired or replaced, and the trouble ticket will be closed to GRANITE.
- 14.6 ISWM Services do not include (i) troubles caused by willful damage to inside wire or jacks; (ii) damage caused by acts of God; (iii) obvious conditions existing at the time of GRANITE's subscription to the ISWM Services (e.g. wiring does not exist to the jack at the time of the subscription to the ISWM Services); (iv) inside wire or jacks that do not meet industry standards for telecommunications services; (v) any repair to and/or maintenance of GRANITE's end user's inside wiring or jacks to the extent that after reasonable effort AT&T determines that such repair/maintenance cannot be performed in a safe manner due to the presence of asbestos or any other environmentally hazardous substance or due to the existence of an unsafe condition (vi) damage to wiring or jacks due to painting or remodeling; (vii) the rearranging of inside wiring from one DS0 Wholesale Local Voice Platform Services (e.g. previous occupant of premises had two (2) lines and

GRANITE's end user has only one (1) line); (viii) on-premise, different building extensions; and (ix) inside wiring or jacks installed in Recreational Vehicles, boats and/or travel trailers.

- 14.7 Replacement of standard miniature modular jacks (i.e. RJ11C/D, RJ11W, RJ14C and RJ14W) is included in ISWM Services. If any other jack type requires replacement, GRANITE will be liable for the material cost of said jack type. The labor associated with the replacement of other jack types is included in the ISWM Services.
- 14.8 Basic residential and business lines serving buildings or developments where the owner/developer of said building or development has chosen to have a single demarcation point installed for all services, and where the owner/developer requires a pre-determined vendor(s) to perform these services, are not eligible for ISWM Services.
- 14.9 If an end user of GRANITE has more than one (1) DS0 Wholesale Local Voice Platform line to a premises, each DS0 Wholesale Local Voice Platform line to said premises must be subscribed to ISWM Services.
- 14.10 If one (1) or more than one (1) non-basic line is terminated at a premises, all lines at that premise are considered non-basic and are thus ineligible for the ISWM Services.
- 14.11 If an end user of GRANITE utilizes a key telephone system, a Private Branch Exchange (PBX) or other non basic telephone system, ISWM Services are not available to GRANITE for said end user.
- 14.12 Except on holidays, AT&T will provide ISWM Services to GRANITE Monday through Saturday 8am to 6pm local time of GRANITE's end user.
- 14.13 For new DS0 Wholesale Local Voice Platform Services ordered after the Effective Date of this Agreement for which GRANITE chooses to order ISWM Service, GRANITE will order ISWM Services through the Local Service Request ("LSR") process.
- 14.14 After subscription to ISWM Services for end users, there will be a thirty (30) day waiting period before ISWM is available to that end user. When ISWM Services are available, GRANITE shall submit requests for ISWM Services to be provided to GRANITE's end users by submitting a repair request through the maintenance and repair electronic interface available to GRANITE. GRANITE may alter or cancel a repair request at any time without charge. In an attempt to reduce unnecessary dispatches, GRANITE shall use commercially reasonable efforts to cancel a repair request prior to AT&T's dispatch of a technician. ISWM Services will not be performed on a premises visit to install DS0 Wholesale Local Voice Platform Services.

- 14.14.1 AT&T may, at its discretion and upon thirty (30) days written notice to GRANITE, discontinue or cancel ISWM Services to an individual end user of GRANITE provided that AT&T can demonstrate that the individual end user is abusing the provisions of the ISWM Services, such as, by way of example, where AT&T dispatches to the same location on a repeated basis and trouble is caused by, but not limited to, substandard wire, pets, children or defective CPE.
- 14.15 In the event AT&T misses an appointment or is delayed in arriving for an appointment to provide ISWM Services to GRANITE's end user, AT&T will so notify GRANITE through the electronic interface utilized by GRANITE to request ISWM Services.
- 14.16 Inside Wire Charges
 - 14.16.1 AT&T will charge GRANITE per DS0 Wholesale Local Voice Platform line for each GRANITE end user subscribing to ISWM at the rates set forth in supplemental Exhibits A2 or B2 hereto.
 - 14.16.2 Billing for ISWM Services shall be on a monthly basis. So long as GRANITE's documentation regarding its reseller exemption is current, AT&T shall not assess taxes on the charges associated with ISWM Services.
- 14.17 No Exclusivity
 - 14.17.1 This Agreement does not require AT&T to be the exclusive providerof ISWM Services to GRANITE and nothing in this Attachment shall be construed to limit in any way GRANITE's ability to enter into any similar agreement with any other provider of ISWM Services for services that are the same as or similar to those performed for GRANITE under the terms of this Attachment.
- 10. All of the other provisions of the Agreement shall remain in full force and effect.

BellSouth Telecommunications, Inc. d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee

EXHIBIT D – COMPOSITE RATE CALCULATIONS

For illustrative purposes only, this Exhibit D outlines the calculations used to provide the composite rates set forth in supplemental Exhibits A2 and B2 that are associated with Business Lines (UEPBX class of service). Mass Market and Enterprise Market percentages in Table 1 below were developed from the line data in Table 2 and were used to calculate a composite rate for the classes of service and states listed below for DS0 Wholesale Local Platform. The percentages were developed using May 2007 in-service data for the business classes of service listed below. The percentages in Table 1 were multiplied by the applicable Mass Market rate and Enterprise Market rate set forth in Table 3 below to determine the composite rates in Table 4 and Exhibit A2 of Attachment 1 as set forth in this Agreement. The percentages in Table 1 were multiplied by the applicable Mass Market rate and Enterprise Market rate set forth in Table 5 below to determine the composite rates in Table 6 and Exhibit B2 of Attachment 1 as set forth in this Agreement.

Table 1:									
March 2007 Data	AL	FL	GA	KY	LA	MS	NC	SC	TN
