Pursuant to this Amendment, (the "Amendment"), Access Integrated Networks, Inc. ("CUSTOMER"), and BellSouth Telecommunications, Inc. d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee (collectively referred to as "AT&T"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain DS0 Services Agreement between the Parties dated January 1, 2005 ("Agreement") to be effective on January 1, 2008 ("Effective Date").

WHEREAS, AT&T and CUSTOMER entered into the Agreement on January 1, 2005, and;

WHEREAS, AT&T and CUSTOMER desire to amend the Agreement in order to modify certain provisions.

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

- 1. Sections 4.1.1.3 and 4.1.1.4 of Attachment 1 are hereby deleted in their entirety and replaced with the following:
 - 4.1.1.3 For the DS0 Wholesale Local platform classes of service UEPBX, UEPSB, UEPPX, and UEPVB, a composite rate shall be developed as calculated in Exhibit C to this Agreement. The composite rate shall be calculated by (i) multiplying the Mass Market rate for each class of service (as set forth in Exhibit C) by the percentage of Mass Market lines for each class of service (as set forth in Exhibit C) by the percentage of Enterprise Market lines for each class of service (as set forth in Exhibit C) by the percentage of Enterprise Market lines for each class of service, (ii) multiplying the Enterprise Market rate for each class of service (as set forth in Exhibit C) by the percentage of Enterprise Market lines for each class of service, and (iii) adding the two figures together to form a single rate. The composite rate is set forth in supplemental Exhibits A2 and B2.
 - 4.1.1.4 Either Party may request a revision to the composite rate provided in this Agreement in the event of a substantive change in the percentage mix of Mass Market and Enterprise Market lines for each class of service listed in Exhibit C. Such request may not occur more frequently than one (1) time per quarter, and may only be requested where the percentage mix has fluctuated by more than 2.5% since establishment of the composite rate, or since the last revision to the composite rate, as applicable. Revisions to the composite rate shall be determined using the Mass Market and Enterprise Market lines for

each class of service listed in Exhibit C in service for the last full month prior to the revision request and shall be incorporated via an amendment to the Agreement, which shall become effective thirty (3) days after execution. The new revised composite rate shall be applied prospectively from the effective date of such amendment.

- 2. Exhibits A2 and B2 of Attachment 1 in the Agreement are hereby deleted and replaced with Amendment Exhibits A2 and B2 attached hereto and thereby incorporated into this Amendment.
- 3. Exhibit C in the Agreement is hereby deleted and replaced with Amendment Exhibit C attached hereto and thereby incorporated into this Amendment.
- 4. All of the other provisions of the Agreement, dated January 1, 2005, shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties have executed this Amendment the day and year written below.

BellSouth Telecommunications, Inc. d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee

EXHIBIT C – COMPOSITE RATE CALCULATIONS

For illustrative purposes only, this Exhibit C outlines the calculations used to provide the composite rates set forth in supplemental Exhibits A2 and B2 that are associated with the services and states listed below. Mass Market and Enterprise Market percentages in Tables 2, 8, 14, and 20 below were developed from the line data in Tables 1, 7, 13, and 19 and were used to calculate a composite rate for the classes of service listed below for DS0 Wholesale Local Platform. The percentages were developed using November 2007 In-Service data for each class of service listed below. The percentages in Tables 2, 8, 14, and 20 were multiplied by the applicable Mass Market and Enterprise Market rates set forth in Tables 3, 9, 15, and 21 below to determine the composite rates in Tables 4, 10, 16, and 22 and Exhibit A2 of Attachment 1 as set forth in this Agreement. The percentages in Tables 2, 8, 14, and 20 were multiplied by the applicable Mass Market and Enterprise Market rates set forth in Tables 5, 11, 17, and 23 below to determine the composite rates in Tables 6, 12, 18, and 24 and Exhibit B2 of Attachment 1 as set forth in this Agreement.
