RE: Case #96-001

Dear Mr. Mills:

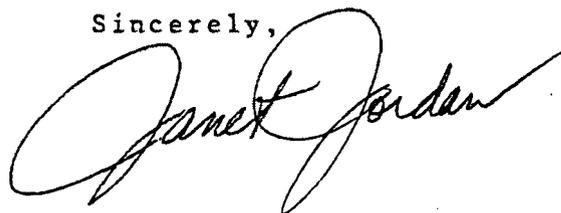

RECEIVED**JAN 23 1997****PUBLIC SERVICE
COMMISSION**

I am opposed to the placement of a communication tower and building by Bell South Mobility, Inc. on the Imperial Shopping Center property. The location is adjacent to Legion Hill Apartments, a 131 unit apartment complex which is owned and managed by Jordan Enterprises, Inc. I am concerned about reports of television and computer interference caused by the towers. I am also concerned due to the unsightly appearance of the tower and the limited space the building and the tower will occupy. The area for construction is very small and access is limited by high tension electrical power lines on three sides.

A representative of Bell South approached me several months ago about leasing a portion of land next to the #1231 building of Legion Hill Apartment Building and I refused the proposal. Now, Mr. Allen wants a temporary access and Construction Easement Agreement from Jordan Enterprises due the problem of construction of the tower so close to the power lines.

According to Mr. Allen, "the tower will be built whether or not I agree to an easement release." Please send to me any information that you may have concerning this matter.

Sincerely,

A handwritten signature in cursive script that reads "Janet Jordan". The signature is written in black ink and is positioned above the printed name.

Janet Jordan
