Dear Mr. Johnson,

I am writing this letter to you to protest the installation of a cell phone tower in the Buckhorn Plaza on Buckhorn drive. This plaza is location right next to a public pool (Berry Hill) and next to a public park. I don't see how a tower could be installed at this site because of the number of children which use the park and pool. This plaza is also a school bus stop for children. I live 1 block behind this plaza and my yard backs up to the bike path that leads to the pool. I personally know that this bike path is used very extensively by many children and adults going or coming from the park or the plaza.

I would appreciate any help that you could give me in this matter or let me know of anything else I can do to stop this cell tower from being installed at this location.

Thank You

Robin W Ayers
