RULES AND REGULATIONS

7. APPLICATION FOR SERVICE

Each prospective member desiring electric service will be required to sign the Cooperative's "Application for Membership and for Electric Service", also, sign a contract when applicable, before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right(s)-of-way permits. C

8. MEMBERSHIP FEE

The membership fee in the Corporation shall be ten dollars (\$10.00). I

9. RIGHT OF ACCESS

Each member shall give and grant right of access to the Cooperative without paid compensation to his, hers, or its lands and premises for the purpose of placing, locating, building, constructing, operating, replacing, rebuilding, relocating, repairing, improving, enlarging, extending and maintaining on, over, or under such lands and premises, or removing therefrom its electric distribution system new or existing lines, wires, poles, anchors and other necessary or appurtenant parts. C

10. MEMBERS DESIRING SERVICE OR DISCONTINUANCE OF SERVICE

Any member desiring service, discontinuance of service, or changed from one location to another, shall give the Cooperative three (3) days' notice in person or in writing provided such notice does not violate contractual obligations. C

11. RECONNECTION CHARGES

The Cooperative will make no charge for connecting service to the member's premises for the initial installation of service. There shall be a fee of \$8.00 for each service connection thereafter occurring more frequently than once each twelve-month period for the consumer. C

12. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof, except by written contract. C

RULES AND REGULATIONS

16. DISCONTINUANCE AND REFUSAL OF SERVICE BY THE COOPERATIVE

The Cooperative may discontinue service under the following conditions:

- (a) Non-payment of bills.
- (b) Fraudulent or illegal use of service.

C3-80 *T*

When the following conditions exist, the Cooperative may refuse service:

- (a) Non-compliance with Cooperative's rules and regulations.
- (b) When dangerous conditions are found to exist.
- (c) When an applicant or member refuses to provide reasonable access to premises.
- (d) When an applicant or member is indebted to the Cooperative for services furnished, until indebtedness is paid.
- (e) Non-compliance with state, local, and other codes, rules and regulations that are applicable to providing service.

17. RECONNECTION

For all cases of refusal or discontinuance of service as herein defined where the cause for refusal or discontinuance has been corrected and all rules and regulations of the Cooperative and the Commission have been complied with, the Cooperative shall promptly render service to the member or applicant.

C

When advance notice is required, such notice may be given by the Cooperative by mailing by United States mail, postage prepaid, to the last know address of the applicant or member.

RULES AND REGULATIONS

18. METER TESTS

The Cooperative will, at its own expense, make periodical tests and inspections of all its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission. The Cooperative will make additional tests of the meter at the request of the member provided a fee of \$16.00 is paid in advance. In case the test made at the member's request shows that the meter is accurate within two per cent (2%), fast or slow, no adjustment will be made in the member's bill, and the fee paid will be forfeited to cover the cost of testing. In case the test shows the meter is in excess of two per cent (2%), fast or slow, an adjustment shall be made in the member's bill in accordance with the Public Service Commission's Rules and Regulations. C
I

19. FAILURE OF METER TO REGISTER

In the event a member's meter should fail to register, the member shall be billed from the date of such failure at the average consumption of the member based on the twelve (12-month) period immediately preceding the failure, or some other equitable basis. C

20. CONSUMER EQUIPMENT

Point of Delivery - The point of delivery is the point as designated by the Cooperative on member's premises where current is to be delivered to building or premises; namely, the point of attachment. A member requesting a delivery point different from the one designated by the Cooperative will be required to pay the additional cost of providing the service at such delivery point. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the member. C

21. MEMBER OR CONSUMER'S WIRING STANDARDS

All wiring of member or consumer must conform to Cooperative requirements and accepted modern standards, as exemplified by the requirements of the National Electrical Safety Code. The Cooperative, however, assumes no responsibility in respect to the type, standard of construction, protective equipment or the condition of the member's property, and will not be liable for any loss or injury to C

persons or property occurring on the premises or property of the member. The member will have complete responsibility for all construction, operation, and maintenance beyond the meter.

22. INSPECTIONS

The Cooperative shall have the right, but shall not be obligated to inspect any installation before electricity is introduced, or at any later time, and reserves the right to reject any wiring or appliances not in accordance with the National Electric Code or other governing bodies, but such inspection or failure to inspect or reject shall not render the cooperative liable or responsible for any loss or damage resulting from defects in the installation, wiring, or appliances, or from violation of the Cooperative's rules, or from accidents which may occur upon member's premises.

23. BILLING

The Cooperative will mail through the United States postal service a statement to each member for electrical service on or about the first of each month for service rendered for the previous month. All charges are net and payable within ten (10) days from the date of the statement. Failure to receive a statement will not release the member from payment obligations.

24. COLLECTION OF DELINQUENT ACCOUNTS

Should it become necessary for the Cooperative's representative to call at the consumer's premises or other locations for the purpose of collecting a delinquent account, a charge of \$8.00 will be applied to the member's account for the extra service rendered, due and payable at time such delinquent account is collected. If service is disconnected for non-payment, a charge of \$16.00 will be made for reconnecting service due and payable at time of such reconnection. If the consumer requests reconnection after regular working hours, the charge will be \$24.00.

(I)

MINIMUM ANNUAL CHARGE FOR SEASONAL SERVICE

Consumers requiring service only during certain seasons of the year shall be billed under the above schedule plus 25 percent and the minimum monthly charge shall not apply. There shall be a minimum annual charge sufficient to assure adequate compensation for the facilities installed to serve the consumer, but in no case less than \$42.65 per kilowatt of maximum demand established during the year.

**CLASSIFICATION OF SERVICE
SCHEDULE LP**

LARGE POWER SERVICE

**RATE
PER UNIT**

APPLICABILITY

Applicable to all consumers for all uses subject to the established rules of the Seller.

CHARACTER OF SERVICE

Three-phase, 60 cycles, at available standard voltages.

MONTHLY RATE

Demand Charge: First 50 KW or less of billing demand \$141.48
Over 50 KW of billing demand \$2.84 per KW

Energy Charge:

First 50 KWH of billing demand .0460 per KWH
Next 100 KWH of billing demand .0341 per KWH
All Remaining KWH of billing demand .0280 per KWH

(R)

POWER FACTOR ADJUSTMENT

The Consumer agrees to maintain unity power factor as nearly as practicable. The measured demand will be adjusted for consumers with 50 KW or more of measured demand to correct for average power factors lower than 90%, and may be so adjusted for other consumers if and when the Seller deems necessary. Such adjustments will be made by increasing the measured demand 1% for each 1% by which the average power factor is less than 90% lagging.

CLASSIFICATION OF SERVICE
SCHEDULE LPR

APPLICABILITY

Applicable to all commercial and industrial consumers, for all uses, whose kilowatt demand exceeds 500 KW. An agreement for purchase of power shall be executed by the consumer for service.

CHARACTER OF SERVICE

Three-phase, 60 cycles, at available standard voltages.

MONTHLY RATE

Demand Charge: First 500 KW or less of billing demand for \$1,409.52 (I)
Over 500 KW of billing demand @ \$2.84 per KW (I)

Energy Charge:

First	3,500 KWH	\$.0423 per KWH	(I)
Next	6,500 KWH	.0327 per KWH	(I)
Next	140,000 KWH	.0279 per KWH	(I)
Next	200,000 KWH	.0249 per KWH	(I)
Next	400,000 KWH	.0240 per KWH	(I)
Next	550,000 KWH	.0227 per KWH	(I)
Over	1,300,000 KWH	.0210 per KWH	(I)

DETERMINATION OF BILLING DEMAND

The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided below.
