RE: Case No. 2005-00035

We are responding to your request for the testing history for the complainant's meter. There is no history on this meter. The customer did not request that his meter be tested at the time of questioning and we were not ordered by the commission to test the meter, therefore, we do not have a testing history for this meter. If you have any other request on this case, please let us know.

Thank You,

Morris Vaughn, Mgr.
