Re: Case No. 2005-00436

Dear Ms. O'Donnell

The USDA Rural Development has required that the Mountain Water District raise the water tap fee in our District from \$575 to \$675 (see enclosure). The District has also enclosed a Nonrecurring Charge Cost Justification form and a revised Tariff sheet for your review.

I am also enclosing a copy of the cover letter that was sent with the original mailing of the enclosed items on or about December 19, 2005.

If you have any questions or comments, please advise.

Respectfully,

Kimberly R. Hunt
Executive Assistant
