Re: Case No. 2006-00065
Oldham County Water District

Dear Mr. Findley:

On February 14, 2006, Oldham County Water District ("Oldham District") tendered its application for a certificate of public convenience and necessity to construct an elevated water storage tank. In the letter accompanying this application, Oldham District advised that the bids on this proposed facility had been extended to March 22, 2006.

Based upon its initial review of Oldham District's application, Commission Staff is of the opinion that further development of the record is necessary and that final Commission action on the application cannot be taken by March 22, 2006. Commission Staff expects to issue a request for information to Oldham District within the next five days. Commission Staff will make every effort to expedite review of the application and to obtain final action on Oldham District's application at the earliest possible date.

Any questions regarding this letter should be directed to Gerald Wuetcher, Assistant General Counsel, at (502) 564-3940, Extension 259.

Sincerely,

Beth O'Donnell
Executive Director
