RE: Case No. 2013-00148 Atmos Energy Corporation - Confidential Materials

Dear Mr. Dosker:

This is to follow-up with you regarding your earlier telephone conversation with and email from Virginia Gregg, Staff Attorney with the Commission. As you and Ms. Gregg discussed, materials were inadvertently sent to you by Commission staff that pertain to confidential matters introduced at the January 23, 2014 formal hearing, at the Commission's offices in the above-referenced matter. As you had not executed a confidentiality agreement with Atmos Energy Corporation, you should not have been sent any confidential materials.

It is my understanding from Ms. Gregg that when she contacted you regarding this, you agreed to immediately return any and all materials received from the Commission pertaining to the January 23, 2014 hearing. What was sent to you in error will be replaced with any confidential materials removed.

I appreciate your cooperation in this matter and your assurance that neither you nor others at Stand Energy will review or copy any of these materials, prior to returning them to the Commission. If you have any questions about this, you can contact my office or Ms. Gregg.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Derouen".
