Re: Water Service Corporation request for rate increase in
Middlesborough, Kentucky

Dear Members of Commission:

The Middlesborough City Council met in regular session on Tuesday, December 15, 2015, and at that meeting requested that this letter be written on behalf of the Council in protest of the above referenced request for a rate increase for water in the city of Middlesborough.

At the present time, like so many other places, due to the unemployment rate and other economic factors, our residents are having problems with paying for utilities and other necessities just to get by. An increase in their water rates would definitely work a hardship on them.

We will appreciate your consideration of this matter and ask that you deny the request for an increase in water rates at this time.

Sincerely,

Sandra Wilson, City Clerk
City of Middlesborough, KY
