RE: Case No. 2013-00338
Alternative Rate Adjustment Filing of Rattlesnake Ridge Water District

Dear Mr. McDaniel:

On February 14, 2014, Rattlesnake Ridge Water District ("Rattlesnake Ridge") filed a letter in which it acknowledges implementing the 29% rate increase prior to the Commission's February 7, 2014 Order authorizing the rate increase. The 29% rate increase appeared on bills issued at the end of January/early February 2014 for water used in late December through the meter reading date in late January 2014.

Rattlesnake Ridge has over 4,000 customers and one billing clerk. In determining the amount of refunds due customers, Rattlesnake Ridge would have to process refunds by hand. Rattlesnake Ridge proposes to issue a 10% credit of the amount billed on the bills issued late March/early April, late April/early May, and late May/early June. Spreading the 30% credit over three months better reflects usage amounts.

Pursuant to the conditions listed below, the Commission accepts Rattlesnake Ridge's proposal to issue a 10% credit to customers for the amounts billed on bills issued late March/early April, late April/early May, and late May/early June.

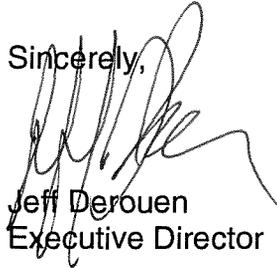

Rattlesnake Ridge shall advise the Commission of the total dollar amount charged to customers and collected due to implementation of the 29% rate increase prior to the Commission's February 7, 2014 Order.

Rattlesnake Ridge shall file a report within twenty days of each 10% credit issued. The report shall identify the total dollar amount of the 10% credit issued to all customers.

Mr. Bernie McDaniel, Manager
