Re: Docket # 2013-00389

Dear Executive Director,

I am writing this letter to inform you that I am opposed to the Cingular wireless communication facility that is proposed contiguous to my property. The proposed erection site is in close proximity of our community.

I own 25 acres and as the major land owner that adjoins this site I feel very strongly about a new location being considered. I would have to look out my back yard and there it would be; a tower to look at! I am the 3rd generation at this property and have taken great pride in taking care of the property and I feel this tower would devalue my property. I feel there could be a better site to consider.

Thank you in advance for your consideration of my opposition and my concerns. I look forward to your speedy response to my letter.

Sincerely,

A handwritten signature in black ink that reads "Michael E. Dillingham".

Michael Dillingham
